

# MADAGASCAR

Madagascar is one of the biggest islands of the World.

The political instability of the Country has not allowed an appropriate economic development: the rate of poverty is very high and the population mainly survives thanks to the agricultural sector.

## ANATIHAZO

Anatihazo is a district in the suburb of Antananarivo, the capital of the Country. In the area, “Don Orione” restored a centre that became a “Professional Technical School”.

More than 200 boys, between 14 and 17 years old, attend the school and learn how to be a carpenter or a blacksmith.

The school has 6 classes, a computer room and two workshops where the students can practice their chosen profession.

Need You Onlus funded 1.200 € to buy new machines for the workshops.

## ANTANANARIVO

The “Piccole Suore Missionarie della Carità” nuns manage the “Don Orione” centre of Antananarivo. In 2011 the nuns asked us to help them improve some rooms of the school that welcomed at the time more than 700 students.

After a visit of our volunteers, Mr and Mrs Fontana and Mr and Mrs Ferrari, we decided to ask the “CEI – Italian Episcopal Conference-“ for funding. Despite the difficulties of managing all of the paperwork, we didn’t give up and we received the financial support.

The cost of the project of renovation was € 60.000 of which € 46.000 were funded by the “CEI”.

The nuns managed to build: a hall that is used as canteen and as afterschool space, a wide kitchen and a professional sewing school for young women.
