SAENZ PENA

The community of “Saenz Pena” comprises of 80 families that can only survive thanks to the agricultural work but that live in poor conditions. Parents are forced to leave their children at home alone in order to go to work and too often they end up involved in the local organised crime. They later find themselves living on the streets and taking drugs.

In such context, the “Don Orione” community converted an abandoned chapel in a reception centre for the children and their families. Children can attend the after-school and can safely play together. Furthermore, the centre also offers a free canteen that can host 40 children at a time.

Thanks to the Gori family that decided to celebrate their anniversary asking friends and relatives to donate to this project, we were able to send € 10.200 to the centre to help cover the management cost.
